Robert Wood Johnson Foundation Guest Questionnaire

Like many organizations, the Robert Wood Johnson Foundation (RWJF) is closely monitoring the Coronavirus disease 2019 (COVID-19) across the globe and particularly the presence of cases here in the United States. We are following Centers for Disease Control and Prevention (CDC), state, and local public health guidance when making decisions related to travel and business operations.

Our focus remains on the safety and health of our staff and guests. Given these concerns, we are now required to ask guests four questions:

1. Have you or any member of your household traveled to a level 3 or level 2 travel health notice country (currently China, Iran, Italy, South Korea, and Japan) within the past 14 days? _____ YES _____ NO

2. Have you or anyone in your household experienced potential exposure to the Coronavirus disease 2019 (COVID-19)? If you are unsure, please use the CDC’s risk assessment tool to assess potential exposure. _____ YES _____ NO

3. To your knowledge, were you in the same indoor environment as a person who has tested positive for the Coronavirus disease 2019 (COVID-19) (e.g., in the same classroom or hospital waiting room)? _____ YES _____ NO

4. Are you exhibiting any of the following symptoms (without a known cause, e.g., allergies): runny nose, sore throat, fever, cough, or shortness of breath? _____ YES _____ NO

If the answer to any of these questions is yes, our Foundation policies now prohibit you from visiting our campus or attending an RWJF event in person.

Thank you for your flexibility and understanding as we continue to adapt to this difficult and rapidly changing situation.
